To Whom It May Concern,

From: Peter James Le'au  
CNMI Associate Commissioner of Education (Ret)  
5002 Sausalito Dr. La Palma Ca. 59625  
leauj@gmail.com

Dear Sir/Madam

I have known Mr. Craig H Garrison for the past 15 years, as his Supervisor and friend. Other than a very close friend I have also known him as a science teacher, Vice Principal and School Principal.

When we first met he was a very active and resourceful Science Teacher. He provided that extra effort for students that put his science classes over the top, with field trips to the local reefs or caves, night excursions, and an array of media technology infusion into his classroom. As a Vice Principal his leadership skills were outstanding as he brought a fresh view that was needed to open a new High School. In the CNMI we were changing and creating a new attitude towards education and Mr. Garrison took the lead on all accreditation matters with great success. As the former Principal of Saipan Southern High School, he was a major contributor to the greatness that is instilled in the students and school, which continues today.

When Mr. Garrison was assigned to Marianas High School, as Principal he provided the same educational change and vision to the school. Basically turning around the school in a single year. He is an asset to education and has a wealth of experience. As a friend he has the heart and care needed to help our students grow.

Saipan is the main island of the US territory, the Commonwealth of the Northern Mariana Islands. He has the passion to teach the diversity of all students, he is the most humble and caring person, he is innovated and resourceful, he applies himself to excel to create interest in student learning through technology and other learning tools.

As I mentioned as a teacher he had the most equipped classrooms. As a Administrator his skills with grants and fundraising allowed us to build a premiere high school in the western pacific, Saipan Southern High School. I highly recommend Craig Garrison for any position that he is seeking.

Sincerely,

Peter James Le'au  
CNMI Associate Commissioner of Education (Ret)
